WORKFORCE PROFILE – FISCAL YEAR 2011

The Workforce Profile is published quarterly to provide up-to-date selected data (“key metrics”) for the State of Vermont workforce. It is a companion to the annual State of Vermont Workforce Report, which provides a complete range of workforce data.

The purpose of both the annual Workforce Report and the quarterly Workforce Profile is to provide data to better understand and therefore more effectively manage the workforce.

The data presented include Executive Branch employees (exempt and classified). It does not include temporary, Legislative or Judicial Branch employees.

The fiscal year is divided into four quarters – July to September; October to December; January to March; and April to June. For purposes of this report the specific dates that define each quarter are based on the pay periods and pay dates that make up each of the fiscal quarters. See Appendix B for more information.

Source: The State's Human Capital Management System (HCM). Data include all Executive Branch employees (classified and exempt).

At the end of the 3rd Quarter of Fiscal Year 2011 there were a total of 7,754 Executive Branch employees (568 exempt, 7,186 classified). The number of employees is virtually unchanged from the end of Fiscal Year 2010 (+0.3%).

Note: The increase in headcount seen in the 1st Quarter for the Department of Human Resources is a result of Executive Order No. 01-10, which consolidated human resource services statewide by transferring certain human resource positions within state government to the Department of Human Resources. The effective date of this consolidation was July 1, 2010.

Source: The State's Human Capital Management System (HCM). Data include all Executive Branch employees (classified and exempt).

At the end of the 3rd Quarter of Fiscal Year 2011 there were a total of 7,677.3 FTEs (550.5 exempt, 7,126.8 classified).

NOTE: FTEs are "Full-Time Equivalents". One FTE is based on a full-time employee's standard hours, which for most employees is 2,080 hours per year (some protective service employees have standard hours greater than 2,080). To calculate the FTE for a part-time employee, total authorized hours are divided by 2,080. Thus, a half-time employee (20 hours per week/1040 hours per year) would equal .5 FTE.

In the 3rd Quarter of Fiscal Year 2011 there were 158 hires, for a hire rate of 2.2% of the overall workforce.

In the 3rd Quarter nearly 37% of all hires were in the three departments where we generally see the most activity – Corrections (28), Children & Families (21), and, Transportation (10).

Health (4.0%) and Public Safety – Sworn (3.3%) saw hire rates that were above average.

NOTE: The hire rate is the number of hires as a percentage of the average number of employees for the fiscal quarter. It is a measure of the average inflow of employees which can be compared to the turnover rate, which is a measure of the average outflow of employees. To approximate an annualized hiring rate multiply the quarterly rate by 4.

TABLE 8 TURNOVER RATE FOR CLASSIFIED EMPLOYEES BY QUARTER – FY 2010 VS. FY 2011

Source: The State's Human Capital Management System (HCM). Data include only classified employees of the Executive Branch. Turnover is a measure of the "outflow" of employees; that is, employees separating from employment with the State of Vermont. Movement between State departments is not considered as turnover for purposes of this analysis. Turnover is calculated by using the actual number of separations divided by the average number of employees for the quarter.

Turnover in the 3rd Quarter of Fiscal Year 2011 was 2.1%.

NOTE: To approximate an annualized turnover rate multiply the quarterly rate by 4. Adding the turnover rate for each of the fiscal quarters for FY 2010 equals 10.6%, which was the annualized rate for FY 2010.

Turnover in the 3rd Quarter of Fiscal Year 2011 remained at a very low rate and that is reflected in low rates seen in most departments.

Turnover rates were higher than average in several departments including Human Services (8.7%) and Secretary of State (7.5%).

NOTE: To approximate an annualized turnover rate multiply the quarterly rate by 4.

APPENDIX B – FISCAL YEAR 2011 QUARTERS DEFINED

For purposes of this report the Fiscal Year 2011 quarters are defined by the pay periods and pay dates that make up the fiscal year. A pay period is the two week period that precedes a pay date. The begin date is the first date of the pay period that results in the first pay date in that fiscal quarter. The end date is the last day in the pay period that results in the last pay date in that fiscal quarter.

Following are the specific dates that define Fiscal Year 2011 quarters.

Quarter	Begin Date	End Date
1 st Quarter	6/6/10	9/11/10
2 nd Quarter	9/12/2010	12/18/10
3 rd Quarter	12/19/10	3/12/11
4 th Quarter	3/13/11	6/18/11
